

## **Come out and try Air gun Field Target!**

Air gun Field Target is a fun way to get out and shoot. We shoot at knockdown silhouette targets anywhere between 10 to 55 yards away. Some shooters use “off the rack” airguns, others use highly customized exotic air rifles. This is one of the least expensive and easiest to get into shooting sports that you will ever try. We are very beginner friendly and have participants from 8 years old to over 80.

Whether you are new to shooting or have decades of experience, you can enjoy this safe and fun hobby. Beginners are always paired up with an experienced buddy to make it stress free and fun and we have different shooting divisions to accommodate casual shooters, right up to serious competitors. Field Target is a social event, shot in small squads of two or three competitors.

The sport has existed in Canada since 1994 and started at Port Colborne in 2005. The international governing body called the World Field Target Federation (WFTF) and there are 43 member countries in the world.

The Canadian governing body is the Canadian Airgun Field Target Association (CAFTA).
